

# Lakes Primary School – SEND – Information Report

## **Identification of needs**

How will the school let me know if they have any concerns about my child's learning in school?

If your child is identified as not making progress the school will set up a meeting to discuss this with you in more detail and to:

- listen to any concerns you may have too
- plan any additional support your child may receive
- discuss with you any referrals to outside professionals to support your child's learning

How do we involve parents in planning for those needs?

You will be invited into school to discuss the needs of your child and to talk about the kinds of provision that are available – you will also be invited to:

- Termly structured conversations with the class teacher, which focus on your child's needs and how to help both at home and school

## **Support**

Who in the school will support my child and how will this be monitored and evaluated?

### **The SENCO (Special Educational Needs Co-ordinator) – Mrs Handley**

Responsible for:

- Coordinating all the support for children with special educational needs or disabilities (SEND) and developing the school's SEND Policy to make sure all children get a consistent, high quality response to meeting their needs in school.
  - Ensuring that you are:
    - involved in supporting your child's learning
    - kept informed about the support your child is getting
    - involved in reviewing how they are doing
  - Liaising with all the other people who may be coming into school to help support your child's learning e.g. Speech and Language Therapy, Educational Psychology etc...
  - Updating the school's SEND register (a system for ensuring all the SEND needs of pupils in this school are known) and making sure that there are excellent records of your child's progress and needs.
  - Providing specialist support for teachers and support staff in the school so they can help children with SEND in the school achieve the best progress possible.
-

### **Class/subject teacher**

Responsible for:

- Checking on the progress of your child and identifying, planning and delivering any additional help your child may need (this could be things like targeted work, additional support) and letting the SENCO know as necessary.
  - Writing within school SEN Support Plans (SSP), formerly known as Structured Conversations, with parents at least once each term and planning for these for the next term.
  - Ensuring that all staff working with your child in school are helped to deliver the planned work/programme for your child, so they can achieve the best possible progress. This may involve the use of additional adults, outside specialist help and specially planned work and resources.
  - Ensuring that the school's SEND Policy is followed in their classroom and for all the pupils they teach with any SEND.
  - Taking part in termly team SEND reviews with the SENCO and Head/Deputy Teacher to review SEND provision and progression.
- 

### **Headteacher (Mrs Madden)**

Responsible for:

- The day to day management of all aspects of the school, this includes the support for children with SEND.
  - She will give responsibility to the SENCO and class teachers but is still responsible for ensuring that your child's needs are met.
  - She must make sure that the Governing Body is kept up to date about any issues in the school relating to SEND.
- 

### **SEN Governor (Mr Peel)**

Responsible for:

- Making sure that the necessary support is made for any child who attends the school who has SEND.

**How are the decisions made about the type and amount of provision a young person will need?**

### **Class teacher input via excellent targeted classroom teaching also known as Quality First Teaching.**

For your child this would mean:

- That the teacher has the highest possible expectations for your child and all pupils in their class.
- That all teaching is based on building on what your child already knows, can do and can understand.
- Different ways of teaching are in place so that your child is fully involved in learning in class. This may involve things like using more practical learning.
- Specific strategies (which may be suggested by the SENCO or outside staff) are in place to support your child to learn.

- Your child's teacher will have carefully checked on your child's progress and will have decided that your child has gaps in their understanding/learning and needs some extra support to help them make the best possible progress.

All children in school should be getting this as a part of excellent classroom practice when needed.

---

### **Specific group work with in a smaller group of children.**

This group, often called Intervention groups by schools, may be

- Run in the classroom or outside.
- Run by a teacher or most often a Teaching assistant who has had training to run these groups.
- Run by a counsellor

For your child this could mean:

- He/ She will engage in group sessions with specific targets to help him/her to make more progress.
- A Learning Support Assistant/teacher will run these small group sessions using the teacher's plan
- He / She will access a school counsellor for opportunities to talk through barriers to learning which may stem from outside of school
- He / She may work with an Emotional Support Assistant who will work on specific issues relating to low self-esteem, self-control, behaviour strategies, anger management etc.

This type of support is available for any child who has specific gaps in their understanding of a subject/area of learning.

---

### **Specialist groups run by outside agencies e.g Speech and Language therapy**

AND/OR Individual support for your child of less than 10 hours in school or at a local Early Intervention support base

- Outside agencies such as the Speech and Language therapy (SALT) Service, The LINK or Occupational Therapy.

For your child this would mean:

- Your child will have been identified by the class teacher (or you will have raised your worries) as needing more specialist input instead of or in addition to quality first teaching and intervention groups.
- You will be asked to come to a meeting to discuss your child's progress and help plan possible ways forward.
- You may be asked to give your permission for the school to refer your child to a specialist professional e.g a Speech and Language Therapist or Educational

- Psychologist. This will help the school and yourself understand your child's particular needs better and be able to support them better in school.
- The specialist professional will work with your child to understand their needs and make recommendations, which may include:
    - Making changes to the way your child is supported in class e.g some individual support or changing some aspects of teaching to support them better
    - Support to set better targets which will include their specific expertise
    - A group run by school staff under the guidance of the outside professional e.g a social skills group
    - A group or individual work with outside professional
  - The school may suggest that your child needs some individual support in school. We will tell you how the support will be used and what strategies will be put in place.

This type of support is available for children with specific barriers to learning that cannot be overcome through Quality First Teaching and intervention groups.

---

### **Specified Individual support**

for your child of more than 10 hours in school.

This will usually be provided via a Statement of Special Educational Needs or an Education, Health and Care Plan (EHCP). This means your child will have been identified by the class teacher/SENCO as needing a particularly high level of individual or small group teaching (more than 10 hours a week), which cannot be provided from the budget available to the school.

Usually your child will also need specialist support in school from a professional outside the school. This may be from:

- Outside agencies such as the Speech and Language therapy (SALT) Service.
- Educational Psychologists
- Support bases/Assessment Classes
- Specialist teaching services

For your child this would mean:

- The school (or you) can request that the Local Authority initiate a formal assessment of your child's needs via an Education Health Care Plan (EHCP) referral. This is a legal process which sets out the amount of support that will be provided for your child.
- After the school have sent in the request to the Local Authority (with a lot of information about your child, including some from you), they will decide whether they think your child's needs (as described in the paperwork provided), seem complex enough to need an Education Health Care Plan. If this is the case they will ask you and all professionals involved with your child to write a report outlining your child's needs. If they do not think your child needs this, they will ask the school to continue with the support provided and a detailed SEN support plan will be written.

- After the reports have all been sent in the Local Authority will decide if your child's needs are severe, complex and lifelong and that they need additional funding than available in school to make good progress. If this is the case they will write an Education Health Care Plan. If this is not the case, they will ask the school to continue with the support provided.
- The Education Health Care Plan will outline the cost of additional funding support your child will receive from the LA, how the support should be used and what strategies must be put in place. It will also have long and short term goals for your child.
- An additional adult may be used to support your child with whole class learning, run individual programmes or run small groups including your child.

This type of support is available for children whose learning needs are:

- Severe, complex and lifelong
- Need more support in school than is available within the schools allocated SEN budget.

For all groups of children progress is monitored and shared with parents; feedback and evaluations are sought from external support and impact of any additional support is monitored against progress made in school.

## **Curriculum**

How will the curriculum be matched to the needs of the young person?

- Class Teachers plan lessons according to the specific needs of all groups of children in their class, and will ensure that your child's needs are met.
- Specially trained support staff will be planned for, by the teacher, to support the needs of your child where necessary.
- Specific resources and strategies will be used to support your child individually and in groups.
- Planning and teaching will be adapted on a daily basis, if needed, in order to meet your child's learning needs

## **Accessibility**

How accessible is the school environment?

- The buildings are all accessible to children with physical disability.
- We ensure that equipment used is accessible to all children regardless of their needs.
- Extra curricular activities are accessible for children with SEND
- Disabled toilet and changing facilities are available in KS1 building and a disabled toilet facility is available in the KS2 building.

## **Parental Involvement**

How will both the school and the parent know how the young person is doing and how will the school support the young person's learning?

- The class teacher is regularly available to discuss your child's progress or any concerns you may have and to share information about what is working well at home and school so similar strategies can be used.
- The SENCO and Head Teacher are available to meet with you to discuss your child's progress or any concerns/worries you may have.
- All information from outside professionals will be discussed with you with the person involved directly, or where this is not possible, in a report.
- SEN Support Plans will be reviewed with your involvement each term.
- Homework will be adjusted as needed to your child's individual needs.
- A home/school contact book may be used to support communication with you, when this has been agreed to be useful for you and your child.
- All parents/carers are invited to termly topic open afternoons or workshops where they have the opportunity to learn alongside their child.
- Termly review meetings between teams of staff, the SENCO, Head Teacher and Deputy Head take place to review provision and progress.

## **Overall Well-Being**

What support will there be for the young person's well-being?

- The school employs a school counsellor where children, who are experiencing difficulties, can be referred to.
- We have an Emotional Learning Support Assistant in school who works each afternoon to deal with children who have barriers to learning surrounding low self-esteem, anger management etc.
- Class teachers offer Personal, Social, Health Care Education lessons where opportunities are taken to talk, share and discuss emotions through scenarios, puppets and thought provoking prompts.
- Some support staff are trained in the giving of medications, although for those medications which need specific training, we would ensure that this training was accessed. Medication can only be given if it is prescribed and where the medication has not expired. Health Care Plans are written for children who need immediate medication such as Epi-pens and all staff are trained on their use.
- Our children also have a voice through our school council where they have the opportunity to contribute their views to their UKS2 pupil class representative.

## **Specialist Services**

What specialist services and expertise are accessed by the school?

Directly funded by the school:

- School Counsellor
- Emotional Support Assistant
- The LINK

Provided by the Local Authority or other schools but available at cost to the school:

- Educational Psychology Service
- Sensory Service for children with visual or hearing needs

- Specialist Teaching Service (Assessment, advice and resources for children with literacy or numeracy difficulties including Dyslexia)
- Early Bird Courses (autism support)

Provided for by the Health Service but often delivered in school:

- School Nurse
- Occupational Therapy
- Physiotherapy
- Speech and Language Therapy

Provided for by the Health Service and delivered away from school:

- CAMHS (Child and adult mental health services)

Provided for by the Local Authority and run away from school:

- Speech and Language Support Base (Overfields S&L Unit)
- Assessment Classes

## **Staff Training**

What training have the staff supporting children and young people with SEND had or are having?

Currently staff are trained in:

- Boosting Reading Progress (BRP)
- Accelerated Reading
- Reading Recovery
- Write Away Together
- Magic Maths
- Mastering Maths
- Speech and Language Interventions (e.g. Derbyshire Language Programme, BLAST, Basic Makaton)
- Autism
- Sensory Processing Disorders
- Team Teach de-escalation of behaviour
- Emotional Literacy Support
- Epilepsy
- Epi-pen use
- Diabetes

## **Activities outside of school**

How will the young person be included in activities outside of the classroom including school trips?

- All school trips are risk assessed and this includes looking at the activities against the needs of the children
- All children are included in school trips and school clubs, modifications will be made as necessary

- When risk assessments raise a concern, parents will be consulted and an agreed way forward will be planned to ensure the child is included

## **Transition**

How will the school prepare and support the young person in joining the school and how will it support the transition to the next stage of education?

We recognise that transitions can be difficult for a child with SEND and take steps to ensure that any transition is as smooth as possible.

- If your child is moving to another school:
  - We will contact the school SENCO and ensure he/she knows about any special arrangements or support that need to be made for your child.
  - We will make sure that all records about your child are passed on as soon as possible.
- When moving classes in school:
  - Information will be passed on to the new class teacher IN ADVANCE and in most cases, a planning meeting will take place with the new teacher. All SEN Support Plans will be shared with the new teacher.
  - If your child would be helped by a book to support them understand moving on then it will be made for them.
  - Transition meetings are arranged each time a child moves from one building to another, so that parents and children are familiar with routines, entry / exit points etc.
- In Year 6:
  - The Y6 teaching team and SENCO if necessary will discuss the specific needs of your child with the SENCO of their secondary school
  - Your child will do focused learning about aspects of transition to support their understanding of the changes ahead.
  - Where possible your child will visit their new school on several occasions and in some cases staff from the new school will visit your child in this school.
  - Additional Support, if required, will be sort from the Specialist Teaching Services to aid as smooth a transition as possible.

## **SEND resources**

How are the school's resources allocated and matched to the young person's special educational needs?

- The school budget, received from Redcar and Cleveland LA, includes money for supporting children with SEND.
- The Head Teacher decides on the budget for Special Educational Needs and Disabilities in consultation with the school governors, on the basis of needs in the school.
- The Head Teacher and the SENCO discuss all the information they have about SEND in the school, including:
  - the children getting extra support already
  - the children needing extra support

- the children who have been identified as not making as much progress as would be expected

And decide what resources/training and support is needed.

- All resources/training and support are reviewed regularly and changes made as needed.

## **Further Information**

### **Key points of contact and how further information can be accessed.**

Lakes Primary School

West Dyke Road

Redcar

TS10 4JH

Tel. 01642 485894

Head Teacher – Mrs J Madden

- Parents can discuss any concerns relating to SEND with the SENCo, Mrs Handley, via the school office – Tel. 01642 485894.
- Lakes Primary School have an 'open door' approach to parental enquiries, please do just call in, if we are free we will be happy to talk to you.
- Further information can be found on the Peoples Information Network in Redcar and Cleveland website on the Local Offer pages where you will find information and advice about services for children and young people with special educational needs and disabilities (SEND). [www.peoplesinfontet.org.uk](http://www.peoplesinfontet.org.uk) then click on the Local Offer – SEND
