

Brown Bear Brown Bear

Nursery Home learning

Spring Term

Please find below a timetable of activities to carry out at home.

You can upload as many pictures or videos as possible that you would like to share with us in class.

Please find example images below and links for you to follow as well as additional challenges you may wish to complete.

Knowledge Organiser Challenge

Let us learn all about foxes...

Can you film a video of yourself answering these questions about foxes?

- What animal family do foxes belong too?
 - Do foxes hibernate?
 - What do foxes eat?

Internet Safety

Can you check the devices your children are using at home and ensure they have parental restrictions on and you know which apps they are using.

Discuss with your child the importance of always having supervision whilst watching videos. As although videos can be fun to watch videos sometimes there may be something that can make us sad, worried or scared. Remind your child that when they are sad, worried or scared they need to tell their trusted adults that you discussed and drew last week. Talk about their favourite thing to watch or do online and together discuss how safe this is.
