We're Going on a Bear Hunt

Michael Rosen Helen Oxenbury

Please find below a timetable of activities to carry out at home.

You can upload as many pictures or videos as possible that you would like to share with us in class. Please find example images below and links for you to follow as well as additional challenges you may wish to complete.

Knowledge Organiser Challenge

Create a poster of your favourite bear including fact and images you find from the internet (ensuring you do this with an adult, remembering to ask them if you can click on an image before doing so).

Internet Safety

Can you check the devices your children are using at home and ensure they have parental restrictions on and you know which apps they are using.

Do you know about  **YouTube Kids**, this is a safer alternative to Youtube where you can state your child's age. However, this is still not 100% safe and we would always recommend sitting with your child whenever they are using a device and could access the internet.

The **BEST** Playdough

1 cup flour
2 tsp cream of tartar
1/2 cup salt
1 tbsp cooking oil
1 cup water
food coloring

Mix food coloring with your water first. Then add the vegetable oil and water with food coloring to a large pot. Add the dry ingredients to your pot and mix well. Cook over low to medium heat until the dough starts to form and becomes dry. Once it starts to form a ball take off the heat. Once cool, knead for 5 minutes.
