

Year 5/6 Home Learning Week 9

Reading

Can you challenge yourself to read an extra book this week?

Then complete an extra accelerated reading quiz too?

Maths

The Olympic Games began over 2,700 years ago in Olympia, Greece.

Can you create some Olympic events to take part in and measure your results?

For example; How far/high you can jump? Run? Hop? Throw a ball?

You can measure your results using footsteps, strides and any other ways you can think of.

Writing

Can you write an article for a newspaper, as if you were reporting about the first Olympic Games?

Watch this video about how the Olympic Games started to help you.

Family Fun

This week we are learning all about the Olympic Games. Think carefully about the events that are in the Olympics and design a Family Games for everyone in your house. Which events will you include? Can you make medals for the winners?

SPAG

Can you make a list of all the sports you can think of? Put your list in alphabetical order and then write a sentence for each of your words.

Art

Can you design an outfit for an Olympic event that you would like to compete in?

Think about the colours you need to include depending on which country you are representing.

History

Look at the link below and write a list of differences between the original Olympic Games and the modern Olympic Games.

PSHE

Think about all the ways you can stay healthy and keep fit. Can you design a poster to encourage people to keep doing these things at the current time?
