

Nursery and Two-Year-Old Provision -Summer 2 Week 2

Topic: Traditional Tales/Nursery Rhymes

Story of the week: Three Little Pigs

Please continue to read and share stories as much as you can. For this week can you focus on: **The Three Little Pigs**. At nursery we would be focusing on this story for 3 weeks. Each week we will send home a focus and some activities, linking to the story.

If you do not have a copy of the book you could use youtube-
<https://www.youtube.com/watch?v=jpEBv1GFte4>

Please continue to update us on your child's learning via 'Evidence Me'. We really enjoy seeing your pictures.

This week Let's Build!

Right, 2YO and Nursery I know how much you all love to build at nursery so let's do some building at home too!

First, before building your house/den, can you design/draw it on some paper first? Label your design so you know exactly what you will need, and how you want it to look.

Can you build a house/den? What materials do you have in your home that you could use? Think about the materials you choose, are they strong? Waterproof?

You don't have to build this den indoors; you could build one in your garden too.

Materials/equipment you might want to use bed sheets, blankets, tablecloths, chairs, pegs, sticks etc. You could also use, Duplo blocks, wooden blocks, stickle bricks, and lego.

Wow we cannot wait to see your creations! Have lots of fun. ☺

Thank you for your continued support! We look forward to hearing from you!
Mrs Jordan and Mrs Bell

Creative

Let us make some pig and wolf masks, using paper plates or circle shaped paper. When you are finished making them you can re-enact the story. Pretend to be the big bad wolf, can you huff and puff and blow your house down? If it does blow down why? If it does not, why? Is it too strong? Weak? What would you do change it?

Maths - Counting

2YO- When building, can you encourage your child to count in sequence to 10? You can also, model counting the blocks individually. You can also, ask your child to give you 1 block? 2? 3? At a time.

Nursery - You can also, complete the task above however if your child is managing this well then move onto Simple addition, using your blocks/fingers to help. $2+2=$
 $5+5=$. Don't forget to upload your work to your evidence me profile.
