

Nursery and Two-Year-Old Provision -Summer 2 Week 4

Topic: Traditional Tales/Nursery Rhymes

Story of the week: Goldilocks and the Three Bears

Please continue to read and share stories as much as you can. For the next 3 weeks we will be focussing on: **Goldilocks and the Three Bears**. This will be your first week on the story. Below are a list of new activities. We hope you enjoy.

If you do not have a copy of the book you could use youtube-
<https://www.youtube.com/watch?v=0oUP2PFeOi8>

Please continue to update us on your child's learning via 'Evidence Me'. We really enjoy seeing your pictures.

Porridge Sensory Play/Writing

Simply Pour some 'porridge oats' onto a baking tray and do some fun letter formation, name writing and circles and lines. Can you write your name? What letters are in your name? Can you draw controlled circles and lines?

Baking

There are lots of things we can bake using porridge oats. Below are three simple ideas. If you have any other ideas, feel free to bake and share with us. You can find these simple recipes online, BBC food.

Porridge

Oat Biscuits

Flapjack

What does it taste like? Is it hot, cold, or just right - like in the story? What ingredients did you need? What utensils did you use? Don't forget to wash your hands first! Oh, and be careful near the hot oven, your grown up may need to do this!

Once you have completed baking, can you write your own recipe? Writing the method to follow and the ingredients you used. If you struggle don't worry, you can draw pictures of the ingredients and the final product.

Maths - Let's have some fun with this activity!

You will need the following for this activity: Teddy Bears, Bowls, and spoons. You can incorporate Literacy with this activity by reading the story first, this will get them totally hooked. Once you have read the story lay out the resources in front of you both. Here are a list of questions to ask your child: How many Bears are there? (Encourage one to one correspondence by pointing to each bear as they count) How many bowls will you need? (Tip: provide more than 3 bowls so that counting and grouping is required) Make sure that each Bear has 1 bowl/spoon each and give these to the bears. To enhance the learning and add number recognition skills, you can put a pile of number cards out on the table and ask your child to find the card that matched the amount of bears. You can also, do some simple addition, 2 spoons add 3 bowls =. We hope you have lots of fun!

Thank you for your continued support! We look forward to hearing from you!
